## Press release

*The Onscope Group inc (Onscope)*, leader in Canadian trade-mark searching is pleased to announce that it has acquired the Canadian business of *TowerGate Software Inc. (TowerGate)*, a well known supplier of trade-mark services in the Canada.

The agreement provides that *TowerGate*'s NameReporter product line for trade-mark searching and trade-mark watching will be integrated into the *Onscope* product line. *TowerGate* will continue to focus on developing innovative products for the IP legal profession and on growing its international business.

Over the next few months both parties will join forces to ensure that the *Onscope* product line assimilates the best components from both *NameReporter* and *Onscope*. "We anticipate working closely with *The Onscope Group* during this transition period in order to ensure that our clients continue to receive the outstanding customer service they are accustomed to" said Tev Kofsky, President and founder of *TowerGate Software Inc.*

"*NameReporter* is a highly respected product; we look forward to working with the *TowerGate* team and their clients to help us enrich the *Onscope* product. This is an excellent opportunity for us to broaden our client base." said Lisa Saltzman President of the Trade-mark division at *The Onscope Group*. "I am especially pleased that both client bases will benefit from this agreement. Both *Onscope* and *Towergate* have a reputation of listening to their clients and adapting their products to meet these requirements. The client has always been first for both, so this is great news for clients!"

*TowerGate Software* has unique core competencies applied to the mining and manipulation of structured and non-structured datasets, providing value added intelligence and innovative solutions for its customers. For over 10 years *TowerGate* has mainly served the Canadian legal profession, with the emphasis towards intellectual property law. It continues to innovate its services within the IP legal marketplace, with also the eye towards expanding its reach into related and adjacent markets.
